Hamptons guide

East Hampton

Where to stay

The Hedges Inn

Originally a private residence, this historic 19th-century guesthouse allows you to live like the residents of the surrounding estates—pampering and all. Rooms are outfitted with antique replica furniture and, thanks to a recent renovation, come equipped with modern-day amenities like wireless Internet and flat-screen TVs. Once you tire of watching the swans glide around Town Pond from your post on the front porch, take a ten-minute stroll into town or hit Main Beach, about a half-mile away; you might as well, considering a stay at one of the 12 rooms gets you town beach passes, beach chairs and towels, not to mention a complimentary buffet breakfast. 74 James Ln (631-324-7101, thehedgesinn.com). \$595–\$750 per night.
